

HYPERCORE LTD EDITION SERIES

HYPERCORE LTD EDITION SERIES

HYPERCORE refers to the shift towards a chaotic and anachronistic overlapping of clashing styles, resulting in a maximalist collage of trends, from Punk Rock, to Vaporwave, Hyperpop, Cyber Punk, Glitchcore, Animecore, Cutecore, LOLcore, Metalcore or Digicore. Aesthetic paradigms from the past resurface simultaneously,

merging with internet-niche-micro-trends until they reach saturation. HYPERCORE represents the collapse of all trends, ushering in a new era of anti-trend. HYPERCORE Masks reinterpret Kuboraum's archetypal acetates with intricate handcrafted detailing, incorporating piercings, spikes and chains for a distinctive touch.
