## MONACO SERIES

Indulge in the epitome of luxury with the Monaco Series - a handcrafted eyewear collection meticulously designed to pay homage to the world's most prized possessions.

Drawing inspiration from the extravagant European supercars that grace the French Riviera, the Monaco Series boasts unparalleled sophistication and refinement.

Herein lies the inspiration behind shaping and skiving this magnificently formulated eyewear collection, The Monaco Series.

Each limited edition spectacle undergoes 250 steps to come to life.

Crafted by the skilled hands of Japanese artisans in Sabae, Japan, these spectacles are a true testament to the time-honored traditions of Japanese craftsmanship.

The limited and hyper-collectible batch production ensures each pair is a unique masterpiece, crafted with the utmost care and attention to detail.

Following the sleek aerodynamics and elegant interiors of modern supercar designs, to call the craftsmanship of T HENRI eyewear extraordinary is truly an understatement.

No detail has been overlooked in creating these driving spectacles, from exquisite materials to precision engineering. Elevate your style and embrace the luxury of the Monaco Series - a collection sure to turn heads and leave a lasting impression.

## PERPETUAL DESIGN

T HENRI galvanizes its heritage and inspiration through studying the most exotic automobiles and the ennobling features produced by the world's best automotive brands.

Each style embodies the spirit of the exotic vehicle its name comes from. The elements that inspire each frame include captivating lines, unparalleled attention to detail, complexity, and speed. Crafted with the utmost precision and care, each pair is a testament to the brand's commitment to excellence.

Like the most iconic cars, our designs are bold, striking, and timeless. Hand-drawn by Creative Director Tyler Henri, each limited edition spectacle represents the best in innovation, fashion, and luxury eyewear. Our natural colors and iconic silhouettes are sure to turn heads and make a statement wherever you go.

## MAGNIFICENT QUALITY

Each limited edition spectacle undergoes **250** steps to come to life.

Our commitment to excellence is evident in every aspect of our production process, from the meticulously selected materials to the intricate design details setting anyone wearing a pair of T HENRI spectacles apart.

### 50 DAYS

To innovate and create our unique, complex colorways using Pantone matching to create complex colorways, followed by laminating color layers, showcasing our titanium décor finished in 18K Gold on each piece, resulting in an exquisite and luxurious finish.

### 60 DAYS

To create our plant-based, hypoallergenic acetate, produced in Japan from a cotton extrusion process, resulting in custom-colored sheets of acetate for our zyl components.

### 120 DAYS

For our sustainable acetate material to dry and cure before undergoing a tumbling process through various mediums, followed by a multi-step hand-polishing process by Japan's best craftsmen.

### 8 STEPS

The number of steps involved in our acetate hand-polishing. Japan's artisanal methods take time but deliver the highest quality finishing processes available.

### 19 MONTHS

The timeframe to produce and QC a limited-edition pair of T HENRI Spectacles.

### 25 TESTS

Our 5-tier checkpoint process includes five tests confirmed at each level to ensure the highest quality product available for distribution.

## PRESTIGE EXCLUSIVITY

Our hand-made collection offers unquestionable exclusivity, with a limited serialized production of only 199 pieces or less per colorway and style.

Each T HENRI spectacle comes with a Certificate of Authenticity, capturing that unique moment in production for eyewear connoisseurs.

Once a colorway sells out, those exclusive pieces are gone forever and will never, ever be produced again.

## THE BIRDCAGE

A Series Sports Racer with a totally tubular space frame chassis that holds rigid but runs light.

You are a progressive privateer and built to never look back.

**INSPIRATION**  
The Maserati Birdcage Tipo 60/61

ASTEROID 1 / 75  
LENS - DARK GREEN TO CLEAR

SHAMROCK 1 / 70  
LENS - BROWN TO ORANGE
